

Description:

- This is a printable resource to help you track your important contacts
- We believe this will be a useful resource for semi-independent seniors or adults with disabilities that may have multiple weekly services or supports coming and going from the home.

Tips for the Contact Form:

- This form can be edited before printing. Download and open the fillable PDF on your computer and type important contacts and relevant emergency numbers into the form.
- You may wish to include contact information for regular service providers (examples: cleaning service, meal delivery service, doctors' office).
- Save this document on your computer in case you would like to add more contacts later.
- Print and hang this document on the fridge or in a familiar place so important contacts can be found quickly as needed.
- You may also wish to ask regular service providers to write-in their contact information as they visit the home.
